Helpful Tips when Registering

1. **Username:** Create a unique username. If the system indicates that the username is taken, select a different username.
2. **Registered via PAMS Phone System:** If you previously registered via PAMS phone system and want to access your account online, **do not create another account**. Login to PayPAMS.com using your phone number as the username. Your online password will be the same as your phone password.
3. **Duplicate Accounts:** If the system indicates that an account already exists with the same phone number or email address, contact customer support from the 'Contact Us' page.
4. **Meal Account Balance and Cafeteria Purchases:** It will take up to 1-2 school days before balances and cafeteria purchases information for new registrants can be displayed. However, you can make payments immediately upon registration. If you cannot view balances two days after you added the student to the account, contact customer support from the 'Contact Us' page.
5. **Forgot Password:** If you previously registered with PAMS but forgot your password, click on the [Forgot Password](#) link on the home page of PayPAMS.com. If the Forgot Password link does not work, contact customer support from the 'Contact Us' page. **Do not register again**. Note: passwords are case sensitive.
